

**Porterville College Academic Senate Emeritus Status Nominee
Biographical Information Form**

Nominee: Cindy Pummill

Title: Professor

Discipline: Mathematics

Division: Mathematics

Year of Retirement: 2024

Date Submitted: 1/18/24

Statement About Nominee:

Include a statement with details about the faculty Emeritus nominee's career that illustrate their service to the college and students, and any other relevant biographical details that may be used for the purpose of informing the college administration, the Board of Trustees, and the District Chancellor about the individual, and for the purpose of publicizing and promoting the careers of the retiring or retired faculty under consideration for Emeritus status. Additional documents may also be included if relevant.

Cindy began in the Physical Education department as a coach for ladies basketball before being moved over to the Science/Math division where she began teaching physical science. After teaching physical science for a short time, she moved into teaching math courses. She has worked with Guided Pathways and Achieving the Dream over the years as a lead faculty member.

She likes to spend time with her church family and dogs at home.
