

Honors Program – Ideas

- Have students apply
- 3.5 overall GPA, only courses within the last 5 years
- Once accepted to the program, if GPA falls below threshold there will be a 1 semester probation period to improve GPA (who is going to check this)
- Option for program
 - Enroll and complete INST 100/101/102/103 (at least one of these courses per semester) – Sherie & Kendra
 - Enroll and complete one of the research courses – Chris & Rachel
 - Above courses are 0-unit options
- Option for the program
 - Courses specifically designed for students in the program, with additional unit load (example: HIST P117 @ 3 units, Honors HIST 117 @ 4 units)
 - Are we willing to support additional unit load?

Questions

- Will there be a faculty coordinator?
- Who will accept and go through applications?
- Who monitors whether students are maintaining honors program criteria?
- Will there be some designation on transcripts such as graduating “with honors” or “honors scholar”?
