**Land Acknowledgement Statement:**

Porterville College acknowledges that it resides on the unceded ancestral lands of the Yokuts people, who have cared for this land since time immemorial. We recognize the Tule River Tribe of California as the sovereign stewards of this region and honor their enduring connection to the land, water, and community. This acknowledgment recognizes the lasting impacts of colonization and displacement and affirms our commitment to respecting Indigenous sovereignty, culture, and history.

As an institution of higher learning, we strive to foster a deeper understanding of the history of the land we occupy and the resilience of the Yokuts people. We are committed to building partnerships that amplify Indigenous voices, support culturally relevant education, and promote environmental stewardship rooted in the traditions of the Tule River Tribe.

Porterville College encourages all members of our community to learn about the Indigenous peoples and histories of the land we inhabit and to engage in efforts that contribute to equity, reconciliation, and shared understanding.
