## Appendix A - Data Sources and Calculations

## **Location Quotient**

Location quotient (LQ) is a way of quantifying how concentrated a particular industry, cluster, occupation, or demographic group is in a region as compared to the nation. It can reveal what makes a particular region unique in comparison to the national average.

## **Occupation Data**

Emsi occupation employment data are based on final Emsi industry data and final Emsi staffing patterns. Wage estimates are based on Occupational Employment Statistics (QCEW and Non-QCEW Employees classes of worker) and the American Community Survey (Self-Employed and Extended Proprietors). Occupational wage estimates also affected by county-level Emsi earnings by industry.

## CareerBuilder/Emsi Job Postings

Job postings are collected from various sources and processed/enriched by Careerbuilder to provide information such as standardized company name, occupation, skills, and geography. Emsi performs additional filtering and processing to improve compatibility with Emsi data.

Total Aw	vards	29	17	19	21	23	109

#### **Footnote Explanations**

- 1 The Unduplicated Headcount is the number of students enrolled on census day, where each student is counted one time.
- 2 Fully matriculated is completing (or being exempt from) all matriculation components (Assessment, Orientation, Counseling, and Ed Plan).
- 3 When the same major is offered at another KCCD college, the student count includes students who selected their major at the other college but who attended this college. Only majors that students have declared are shown. An '\*' indicates that a Major does not exist in the 2016-17 college catalog.
- 4 Enrollments are reported on both First Day and Census Day. Each course a student is enrolled in is counted as one enrollment.
- 5 Students per Section is defined as census enrollments divided by active sections. Cross-listed sections are not combined.
- 6 Waitlisted Enrollments on First Day (determined by section start date) where each section a student is waitlisted in counts as one waitlisted enrollment.
- 7 Acronyms FTES and FTEF represent full-time equivalent students and full-time equivalent faculty (workload associated with sections taught) respectively.
- 8 FTES/FTEF: A measurement of productivity where the generally accepted target is 17.5.
- 9 Success rate numerator: Number of course enrollments with a successful passing grade (A,B,C,P).
  Retention rate numerator: Number of course enrollments retained through the semester (grade=A,B,C,P,D,F,NP,I).
  Success and Retention rate denominator: Number of enrollments retained (A,B,C,P,D,F,NP,I), dropped after Census Day (DR), and withdrawn (W).
- 10 Only programs with student awards will be shown. An '\*' indicates that the program major does not exist in 2016-17 college catalog.

### **Footnote Explanations**

- 1 The Unduplicated Headcount is the number of students enrolled on census day, where each student is counted one time.
- 2 Fully matriculated is completing (or being exempt from) all matriculation components (Assessment, Orientation, Counseling, and Ed Plan).
- 3 When the same major is offered at another KCCD college, the student count includes students who selected their major at the other college but who attended this college. Only majors that students have declared are shown. An '\*' indicates that a Major does not exist in the 2016-17 college catalog.
- 4 Enrollments are reported on both First Day and Census Day. Each course a student is enrolled in is counted as one enrollment.
- 5 Students per Section is defined as census enrollments divided by active sections. Cross-listed sections are not combined.
- 6 Waitlisted Enrollments on First Day (determined by section start date) where each section a student is waitlisted in counts as one waitlisted enrollment.
- 7 Acronyms FTES and FTEF represent full-time equivalent students and full-time equivalent faculty (workload associated with sections taught) respectively.
- 8 FTES/FTEF: A measurement of productivity where the generally accepted target is 17.5.
- 9 Success rate numerator: Number of course enrollments with a successful passing grade (A,B,C,P).
  Retention rate numerator: Number of course enrollments retained through the semester (grade=A,B,C,P,D,F,NP,I).
  Success and Retention rate denominator: Number of enrollments retained (A,B,C,P,D,F,NP,I), dropped after Census Day (DR), and withdrawn (W).
- 10 Only programs with student awards will be shown. An '\*' indicates that the program major does not exist in 2016-17 college catalog.

CPTLEX Pass Rates	California Psych. Tech. Licensing Examination our pass rates is averaging 72%.	
Curriculum Revision Math and English	Math and English will be added as prerequisites with the curriculum revision. Curriculum revision to include current PT practice and industry standards. The program will reach out to advisory meeting member for review and input into curriculum revision. Target date for implementation is 2019.	
	PDC Vacancy 46-50 positions (PT) - PTA filled with PTA	
EMT Program		
Success Rates	Decreased class size to 24 students. Previously instructors were admitting 45 students, but due to lack of professional experts to help with skills lab enrollment was downsized. Once sufficient skills lab personal are in place, the program will increase enrollment as long as there is a need. Success rates have improved from 30% to 50%.	
RN Program		<u> </u>
COADN/CACN Conference Eating our young	Speaker from Pennsylvania his topic was "Eating our Young" he said its not going to stop and we need to prepare out students for it.  Prepare our student for conflict resolution. Conflict management. Baby boomers is different. Discussion about how lateral bullying does occur on a frequent basis and ideas shared of how to better prepare students for this culture.	
Outpatient clinical placement	The BRN is encouraging increased outpatient clinical placement. The Health Careers is currently using Tule Indian River Clinic. BRN thanked Terri and TIRC for establishing arranging this clinical experience for pediatric nursing students.	

COADN Director Meeting		
Message from BRN     Executive Officer Dr.     Morris re: Livescans	The ADN Directors group had a meeting last week Dr. Morris, BRN Executive Director. He asked all directors to share with all clinical agencies the new Livescan policy. All RN's who previously had the hardcopy fingerprinting completed ae now required to complete a Livescan. RN's will be notified by mail and will have 30 days to comply. If not in compliance by due date their license will be put on hold and they will not be able to work.	
Assessment, Remediation, Retention Grant	PC ADN program was awarded an \$114,000 grant for assessment, remediation, and retention. The funding is being used for student support case manager, updating skills lab equipment, curriculum revision and faculty development.  Pass rate for 2015-2016 year is 94.4%	
NCLEX Pass Rates	The ADN program will implement the multicriterion process	
Multi Criterion Selection	Multi Criterion Selection policy and procedure was reviewed. Implementation planned for August 2017 class. Purpose to select the better prepared student. The new screening and selection process has been posted since January. Science and English faculty report they are already seeing an improvement in student performance in the prerequisite classes.	
Curriculum revision Concept based Critical thinking Transition to Practice ADN-BSN	Discussion regarding concept based curriculum, active learning strategies, critical thinking, clinical reasoning, and improving/stabilizing NCLEX pass rates. Faculty shared new active learning strategies they have been implementing in theory. Starting in the spring the faculty will have ½ of students working on clinical reasoning and the other ½ doing traditional student nurse activities. The purpose is for new nurses' to start with higher level of critical thinking and clinical reasoning skills to improve patient outcomes.	

Health Careers Faculty Shortage Adjunct Faculty Clinical Teaching Assistants Simulation Lab Coverage	Advisory committee members present agreed 100% new graduates needed stronger clinical reasoning skills. Strategies such as concept based curriculum, active learning strategies, and improved critical thinking were needed. 100% of the advisory committee approved the plan for a major curriculum revision to include these strategies.  ADN program having difficulty finding part time faculty and clinical teaching assistants for spring semester. SVMC agreed to assist the college in recruiting part time instructors.	
College Master Plan  Employer Surveys	Hospitals  1. Increase RN program enrollment to twice a year 2. Re-establish the LVN program 3. Add Medical Office Assisting program  Developmental Center 1. Increase PT program enrollment to once a year (from once every 18 months) 2. Increase RN program enrollment to twice a year 3. Add Occupational Therapy Assistant program 4. PT Program		
BVNPT Passing Standard	The new proposed passing standard for PT licensure is 75% and will be	
Program Passing Standard	voted on in January. The program course passing standard is 75%.	
CAPTLEX	Discussion regarding decision to increase the course passing standard to	
	77%. Rationale is to maintain a slightly higher passing standard than the	
	state. The most recent California Psych. Tech. Licensing Examination pass	
	rates was 52%. Changes to program policy to improve success are:	
	<ul> <li>77% or higher final course grade to pass with "C" or higher.</li> </ul>	

<ul> <li>Students must attain an average exam grade of 77% to pass course.         Other assignments will be added for final course grade.     </li> <li>Continuation of major curriculum revision</li> <li>Revision of course/semester assessment and remediation.</li> <li>Program completion assessment and remediation program for graduates.</li> </ul>	
Discussion of major curriculum revision. Target start date fall 2020. New curriculum to include the following:  • Pre-requisites  • Math and English  • Anatomy & Physiology  • Concepts of Nursing  • Current industry practice  • Better alignment program with licensing test plan  • Revised PLO's, SLO's, objectives, and content.  • The program will continue to reach out to advisory meeting members for review and input.	
EMT regulations now require an additional 10 hours of instruction to include training in narcan, epi, blood glucose, and expanded disaster training. Sean Roberts from Imperial Ambulance stated now that AMR is no longer in Tulare County, Imperial Ambulance is impacted with student requests for field observations. Discussion of requirements to use hospital emergency rooms for observation hours and required patient contacts. Traci Follett from SVMC stated that may be a possibility. Students would be required to meet all health and safety requirements, including immunizations.  Current NREMT pass rates for 2017 is 55%	Kim Behrens to follow up with Educational Agreement with SVMC for EMT students.
	Other assignments will be added for final course grade.  Continuation of major curriculum revision  Revision of course/semester assessment and remediation.  Program completion assessment and remediation program for graduates.  Discussion of major curriculum revision. Target start date fall 2020. New curriculum to include the following:  Pre-requisites  Math and English  Anatomy & Physiology  Concepts of Nursing  Current industry practice  Better alignment program with licensing test plan  Revised PLO's, SLO's, objectives, and content. RN Program		
COADN/CACN Conference Collaboration Just Culture	Partnerships and collaboration was the theme of the conference. Jeff Hudson from SVMC was one of the guest speakers who highlighted partnerships with education to include both nursing and physicians. Another speaker discussed "Just Culture". Just Culture is one of the concepts selected by the nursing faculty for the new curriculum.	
Assessment, Remediation, Retention Grant	The CCCCO grant was renewed. Work continues in the area of student remediation and success. Attrition rates are decreasing from 2015-2016 36.8% to 2016-2017 21.1%. New birthing simulation equipment (birthing bed, birthing manikin, fetal heart monitoring) purchased with grant funding.	
NCLEX Pass Rates	Pass rate for 2016-2017 year is 93.75%	
Multi Criterion Selection	Multi Criterion Selection implemented with August cohort. 20 students selected from the top 30%.	
Curriculum revision Concept based Critical thinking Transition to Practice	Major curriculum revision completed. Submitted to BRN 11/15/17. Implementation date fall 2018. The new curriculum is concept based with current nursing practice as the unifying theme. Curriculum includes a critical thinking course and transition to practice course. Total degree units remain unchanged at 83-85 units. Faculty have started implementing new active learning strategies in both theory and clinical. Clinical focus will be on clinical reasoning rather than task driven. The revised LVN-RN program will be implemented the following fall in 2019.	
RN-BSN	Local options available to students include a partnerships with National University and CSU Bakersfield. An MOU with University of Phoenix is in progress.	

<u> </u>		
Strong Workforce Funding	Strong workforce funding has allowed the purchase of a Pyxis medication dispensing station. Students now have the full medication administration experience from order to med cart to bedside as in the hospital.	
Employer Surveys	To be mailed	
Other		
<ul><li>HWI</li><li>Pathways</li><li>Item writing workshop</li></ul>	Valerie Fisher - HWI has compiled information regarding pathways for all careers health. There is much more out there than nursing. Advisors/counselors are encouraged to use this information to guide students in exploring careers in healthcare.  Clovis Community Occupation Therapy Assistant program is no in its second year. College of the Sequoias has Physical Therapy Assistant program.  Test item writing workshop in Fresno, 2/7/17.	
SVMC		
Nurse Residency     Program	Traci Follet - Sierra View Medical Center started the Vizient program for new grads. The program is one year. Participants have class once a month in a safe environment where they can also discuss how things are going.  An evidence based project is completed during second half of the program.	
RN Aide	The RN-aide position has been re-instated.	
Student internships	Discussion regarding whether the college could implement a student nurse internship rotation. Traci shared nurse managers at SVMC thought new graduates with 2-3 weeks of internship experience were better prepared	

and ready to take a full load of patients earlier than graduates without this experience. Kim explained the new curriculum revision emphasis was on critical thinking with the goal of stronger clinical reasoning skills in the new graduate nurse. Traci agreed improved critical thinking was important and would it be possible to do both. An internship program would not be feasible without adding units or taking hours away from existing clinical hours. Adding additional units is not an option. Adding an internship rotation would require a curriculum revision, and the new curriculum will not be implemented until August 2018.

The nurse externship was discussed as a viable option. The nurse externship is a work study program. The hospital would interview, hire, and find extern opportunity for students. The college would provide the course and instructor.

Kim to meet with Division Chair, Lupe Guillen, regarding creating a nurse extern course and implementation.
