

Suggestions for Improvement with GELO #4

Technology, Information Literacy, and Information Competency—
Students will effectively use multiple formats to locate, access, analyze, evaluate,
and utilize information that facilitates learning and critical inquiry.

Statement

- “Facilitate learning” might be redundant
- What does “locate” entail?
- Define “effectively”

Instruction

- Promote the GELOs
- Have more instructors attend Quick Tips
- Work with instructors to integrate a variety of formats into assignments (videos, podcasts, blogs, news articles, websites, etc.)
- Make sure that each class that we say meets this (or any) outcome that there is clearly at least one assignment or content piece we can use to assess said outcome
- Emphasize to the students what is most important in this area
- Encourage instruction around the peer review publishing process for academic sources
- Have instructors develop the assignments with the GELO in mind

Assessment

- Collaboration and brainstorming how instructors assess their SLOs (best practices)
- Rubric for better assessment, better tracking of data
- Align SLOs with GELOs
