I. **New Discussion Items**

    a. Call to Order
       The meeting was called to order by VPSS Arvizu at 4:03 pm.
    b. Approval of Agenda
       The 4/19/22 agenda was approved.
       M/S/C: Mike Carley/Mary Jo Jordan
    c. Approval of Minutes
       The minutes from 3/1/22 were approved.
   **M/S/C:** Roger Perez/Connie Gutierrez
    d. Program Mapper and Timeline Update
        ○ Program Mapper Error Report
           • Prima is working with Dustin; there are two parts to the phase PC is working on. There is going over the error reports and the 2-year plans. There was a data dump of Elluim and Dustin has several questions.
           • There are several courses showing up on the error report that are not listed in the catalog; they appear to be old courses that no longer exist (inactive course) or not being offered, see list of courses below.

Courses marked erroneous but not in catalog:
1. ADMJP050
2. ARTP102
3. ARTP122
4. ENGLP082
5. ENGLP082L
6. ENGLP084
7. ENGLP084L
8. ENGLP086
9. ENGLP120
10. FIREP073B
11. HISTP114
12. HLEDP114
13. MATHP065
14. MATHP206L
15. MUSCP051
16. MUSCP055
17. NURSP170
18. PHOTP122
19. PTVNP010A
20. PTVNP010B
21. PTVNP010C
22. PTVNP010D

1) ENGL P80 courses and MATH P065 are remedial courses; old courses that are no longer offered. MATH P206L (looks like a lab course) and ENGL P120 (transfer course) are not offered.
2) Some of these might be inactive but not deleted; we should check with the Catalog Committee.
3) The PTVN courses were for the first semester of either the LVN or Psych Tech Program; the easiest way would be to check with Judy.
4) Prima will check to see if the list of courses is inactive and then have them removed.
5) HIST P114 will be an active course in the summer.

- Do we want the pre req's to be listed for courses requiring them? Prima feels that it is important to list the pre req's. Araceli said it is beneficial to have the pre req's listed and would like them to be listed. See how they would be listed below.

CHEM B1A 5.0 Units
General Chemistry I

● MAJOR

Basic principles of chemistry, including atomic structures, stoichiometry, reaction energy, chemical bonding, periodic relationships of the elements, states and properties of matter, solutions, introduction to acids and bases, a brief introduction to descriptive chemistry of the elements, and other topics as appropriate. The laboratory emphasizes quantitative methods. C-ID: CHEM 110 (Taking both CHEM B1A and CHEM B1B is the C-ID Equivalent of CHEM 120S)

Prerequisites

CHEM B2A	Introductory General Chemistry
MATH B70	Intermediate Algebra
MATH B75	Fundamentals of Algebra for BSTEM majors

Contact your academic advisor for any questions regarding prerequisites

Would it list all the pre req's ever existed? Araceli would like to know how the pre req's are determined for a course? Mike believes that the student can get into the course with either the course not both; he suggested contacting BC to confirm.
Where are the courses being pulled from? Prima stated the courses are being pulled from Elluim.
Banner will have a list of pre req's for each course, but we need a way to list "or" so the students are not confused and think they need to take all the pre req courses listed. *Discussion ensued.*

- Prima will check with Dustin to see about adding the pre req's and see if we can add "or".
  - o Program Maps.
    - The other component is to add the 2-year plans that Bob is coordinating.
    - Bob will be adding the 2-year plans that have already been approved. Bob will have to physically add the plans and the work may go into the summer; plan to have a soft launch to make sure we did not miss anything.

e. GP Teams
  - o The next phase will be to send out an email to drum up interest from faculty to;
    1) Understand what we are doing with the teams, and
    2) Find faculty from each of the Academic and Careers Pathways to take the role where they would be part of part of the Guided Pathways Committee. Doing the extra responsibilities of representing the pathways to the students, onboarding activities, campus events, etc.

f. GP Summer Projects
  - o Working on the Program Mapper timeline.
  - o Holding a Summer Guided Pathway Academy.
  - o Working with Roger on the website aspect for how it will look to students.

g. Teaching and Learning
  - o The proposal is up for discussion at the Academic Senate Meeting Friday where they will decide if the faculty will back the proposal as is or ask from changes. Still waiting for feedback from divisions.

h. Equity Plan
  - o Prima stated, Julian will lead the Equity Plan. Should we have a task force or should we let Julian assemble his own team?
    - Mike, Julian and some faculty should all be part of the team.
    - It is rumored that Julian will be leaving which will impact our Social Justice committee. This will be verified.
    - Prima will email Julian letting him know he will be the lead on the Equity Plan and a task force is being assembled.

i. Next Steps
  - o Prima will check on the pre req's for the error list on Program Mapper.
  - o Bob will enter the 2-year maps and check with Connie on the new Spanish degree.
  - o Roger to schedule some meeting regarding the website for Guided Pathways.
  - o Prima and Bob will be meeting with the Counselors regarding case management and team keys.
  - o Bob will send out email to faculty about the teams
  - o Prima will reach out to Julian regarding the Equity Plan and task force.

j. Reports
  - o Data Team Update (Mike)
    - No report
  - o SEA Update (Erin)
    - No report
  - o SPC Update (Jasmin)
    - No report

II. Old Discussion Items

III.   **Future Agenda Items**
- o   Being Equity Minded/What is the message

The meeting was adjourned at 4:30 pm
