**These are the thoughts/ideas:**

Clarity, Removing Barriers, Streamlined, Door to graduation, help available, where to go for help, someone is watching at all times, options of availability, guided, fast process for students, team of support from start to finish, one on one, Stuarts of resources, holistic approach, wrap around services inside and outside of classrooms, simplicity.

**What do want students to get out of this? Thoughts/ideas:** Pathways, on time completion, fewer units, resources, outside resources, career focus, outline costs for students with and without Aid, Other colleges to come and teach classes, Financial Wellness, Information online.
